Reports that Spanish Generalissimo Francisco Franco and his foreign minister Ramon Serrano Suñer, were enroute to Genoa, Italy, for a conference with Premier Benito Mussolini of Italy, caused considerable speculation in Europe.

Balkan Anxiety Mounts As Nazis Cross Rumania

War-Like Preparations
Move Apace Throughout
Southeastern Europe

BY THE ASSOCIATED PRESS
Bucharest, Rumania, Feb. 12.—(AP)—Hitler has moved 25 new divisions of some 400,000 men into Rumania, military observers reported today, as war-like preparations moved apace throughout southeastern Europe.

These formations, said an average of 40 tanks a day have been passing through Hungary, carrying great quantities of munitions, tanks, guns and other military equipment as well as men.

Balkan tension heightened with attention focused on the Rumanian-Bulgarian frontier, where the Germans are reported to have massed troops on the northern bank of the Danube.

Dispatches from Sofia, the Bulgarian capital, published today in pro-axis newspapers, said that the Bulgarian government, which has been neutral, is expected to violate its neutrality, thus dragging Bulgaria into the war by sending R. A. F. planes over the country to bomb Rumanian oil fields.

Other Sofia dispatches said Bulgarian Foreign Minister Ivan Popoff conferred today with the Italian minister on the swiftly-moving developments.

British officers from the middle east command returned today to Ankara, capital of Turkey, from an inspection of Turkish fortifications facing Bulgaria, reports from Istanbul said. The British mission has been in Turkey nearly a month.

Pleas for United Balkans

The Turkish official press pleaded for a united Balkan front against German moves across Bulgaria to help Italy's embattled forces against Greece.

This was interpreted in diplomatic circles.

Green Advocates Change In Public Aid Program

Proposes Coordination
Of Four State Relief
Agencies

Springfield, Ill., Feb. 12.—(AP)—Governor Dwight H. Green took the first step today toward coordination of four state relief agencies under a single division of public assistance, a move he said would result in "marked economies" in Illinois' \$100,000,000 a year public aid program.

The governor directed a special committee to study a plan under which all state relief functions would be consolidated as part of a broad program of state government reorganization. The chief executive announced yesterday he was considering the plan.

The plan would bring under one department of public assistance the division of old age assistance, the division of public assistance, the division of public safety, and the division of public welfare.

The plan would also bring under one department of public assistance the division of public safety, the division of public welfare, the division of public assistance, and the division of old age assistance.

Police Warn Parents: Take Guns From Kids

No gun of any kind can be fired within the city limits, according to city ordinance. This applies to toy guns as well as any other kind, parents were warned today by police.

This morning police received complaints that a group of boys in the 700 block on North Greenwood were firing at motor vehicles. One shot pierced the window glass in the cab of a truck. If the window had been down the driver may have caught the pellet in his eye.

The condition of H. McQueen, southside man shot in the eye by boys with a beebe gun several months ago, remains about the same. He hasn't regained sight of the eye and a cataract is now reported forming.

In recent days police also have had complaints that youths were breaking windows and light bulbs with their toy guns.

Parents were advised today to see that their children do not discharge guns in the city—or better still, get rid of the guns. If the youths are caught by police with such equipment, it will be confiscated and the boys will be held at headquarters for their parents.

Storm Of Great Intensity Hits The Middle West

Chicago, Feb. 12.—(AP)—An eastern Colorado storm, described by the weather bureau as "of great magnitude and intensity," sent rain, snow and cold into the middle west today.

Rockne of the Dakotas and Nebraska were warned of strong northerly winds expected tonight and a change to colder weather tomorrow.

Light rain tonight in Iowa was due to change to snow flurries by morning.

The forecast for Minnesota was snow in the north, rain or snow in the south tonight, changing to snow late tonight. Snow was expected to reach the entire state by tomorrow.

Rain or snow was expected in northern Wisconsin and rain in the southern part to change to snow tomorrow morning. Moderate to heavy snow was in store for upper Michigan.

Illinois, Indiana and Michigan forecasters said will have rain or snow and a change to snow tomorrow.

To Ask \$185,000 To Equip State's Reserve Militia

Springfield, Ill., Feb. 12.—(AP)—The Illinois Budgetary commission agreed last night to ask the legislature for an emergency appropriation of \$185,000 to be used for equipping the state's reserve militia.

The decision to ask the appropriation on an emergency basis was made after Adjutant General Leo M. Boyle told the commission the new state militia force would probably be called into service in March.

After the last of the state's national guard officers are absorbed by the regular army.

A committee of reserve militia officers will meet soon, the governor's spokesman said, to determine the type of uniform to be issued to the "home guard" of the emergency \$185,000 appropriation makes no provision for pay of the militia but covers only cost of uniforms and other essential equipment.

It was agreed also that the legislature would be asked to appropriate funds to support the soldiers' and sailors' service committee, an agency formed to give legal assistance to men in military service. The service committee, headed by Britton I. Budd of Chicago, would protect civil interests of guardsmen and draftees.

Caught Cutting Capers With Canine Colon

Police received a call yesterday to go to 456 North Dearborn avenue, where a man was seen lying on the floor, splattered with blood.

It sounded at least like suicide if not attempted murder. When officers arrived, they found George Doan, Manteno state hospital employee, in the prone position as above stated—dead, but considerably intoxicated.

George was attired in white hospital uniform and explained the blood on it by taking police into the kitchen where they found the body of a dog in the sink. The dog had been sick and was shot to relieve its misery. George said he conducted the canine autopsy to see if the animal had worms. He didn't find any, then became tired and lay down on the floor to rest.

Gift From Son In England Arrives On The Exact Date

Last Dec. 23, Patrick Duignan Jr., now stationed with the Canadian army expeditionary force at Aldershot, Hants, England, sat himself down in his barracks and wrote a letter to his mother, Mrs. P. J. Duignan of 282 North Harrison avenue, in which he directed her to purchase a birthday gift for his father.

It so happens that today, Feb. 12, is the elder Duignan's birthday. Young Pat wrote the letter in December, allowing for delays in delivery and transport of overseas mail, so that the letter would arrive in Kankakee in ample time for his father's birthday. He didn't realize that it would arrive on the exact date.

Adult Step-Son Not Necessary Around Home

Wife Is Refused
Separate Maintenance
In Grabowski Case

An opinion to the effect that a married man head of a household is not required to have an adult step-son in his household merely because his wife wants her son there was handed down today by Circuit Judge Luther B. Bratton.

Also, if the husband refuses to live with the step-son in the household, this does not give the wife a right to separate maintenance, the judge ruled.

The decision is in the case of Anthony Grabowski vs. his wife Michaeline, both of Kankakee, which Judge Bratton heard last week and took under advisement.

Grabowski sued for partition originally, asking that two parcels of Kankakee property owned by him and wife be divided equally, claiming that they have equal shares in the property. He and his wife are separated.

Charges Wife Made Him Sleep With A Monkey, Asks Divorce

San Jose, Cal., Feb. 12.—(UPI)—Carl A. Beckman demanded a divorce from his 67-year-old wife today on charges that she made him sleep with a monkey 10 years.

Beckman, a 58-year-old engineer, told Superior Judge Charles Davidson yesterday that his wife was once a trapeze artist, known as "The Great Delma." She acquired a monkey during her career, he said, and making him sleep with it was "her own idea."

He said she had often told her friends:

"There's more sense in that monkey than in Carl Beckman."

The animal eventually became ill, and Beckman said he took it to a humane society, which killed it. Mrs. Beckman then accused him of its "murder."

Mrs. Beckman said in a cross-examination that her husband lacked affection for her, and the monkey, too. She said the monkey had slept with her and Beckman, but only on cold nights.

Kankakee Man May Be Bradley School Head

To consider the employment of a new superintendent of the Bradley public schools, a joint meeting of the high and grade school boards of education will take place Thursday evening in the high school.

The new superintendent will succeed Ruel E. Hall, appointed yesterday by the county board to succeed the late Gilbert A. Willis as county schools superintendent.

Applications for the Bradley position are "pouring in," members of the school boards said this morning, and already there are between 50 and 60.

Raymond Harris, 306 Elm avenue, assistant principal of the Kankakee high school, is qualified for the position and has an excellent chance, it was reported.

The boards probably will not make a decision tomorrow night but will only hear the applicants. Selection probably will not be made for several days.

Over 300 Masons In Session Here

More than 300 members of the Most Worshipful Grand Lodge of the Ancient Free and Accepted Masons of Illinois arrived in Kankakee yesterday and this morning for the state school of instruction at the Masonic temple.

Opening exercises and ceremonies were conducted Tuesday while today and tomorrow degrees were conferred. The state's national guard officers are absorbed by the regular army.

Might Concern Spain's Entry Into The War

Will Also Confer With
French Leaders, Thursday,
Diplomatic Turn

BULLETIN
Cannes, France, Feb. 12.—(AP)—French Chief of State Marshal Philippe Petain arrived with a large suite aboard a special train at 8:43 a. m. today (2:43 a. m. est.). At the same time Naval Minister Admiral Jean Darlan was reported to have left Vichy by automobile to join Petain on the Riviera for talks with Generalissimo Francisco Franco of Spain.

Bern, Switzerland, Feb. 12.—(AP)—Spain's Generalissimo Francisco Franco met Premier Benito Mussolini today "somewhere in Italy," foreign diplomatic reports declared, in a conference believed here concerned with Spain's possible entry into the war.

France and his foreign minister, Ramon Serrano Suñer, were said to have crossed the French-Italian frontier late yesterday after a trip across southern France in a 14-automobile caravan.

Reports from Vichy said Vice Premier Admiral Jean Darlan would leave today to join Petain at the French Chief of State Philippe Petain along the Riviera for talks with Franco and Serrano Suñer tomorrow. Petain left Vichy yesterday.

France's meeting with the French leaders was expected to be held at Petain's estate at Villeneuve-Lez-Toulon, near Antibes.

The Spanish automobile caravan was protected heavily by motorcycle police as it went through Montpellier, Marseille and Nice late yesterday afternoon.

Some observers said the painstaking safeguards were taken because a large number of Spanish Republicans had taken refuge in southern France.

Possible Subjects Discussed

Diplomatic observers still were guessing the subject of the Franco-Mussolini talks. Beliefs most widely expressed were:

- 1—Mussolini was seeking Spain's active help in the western Mediterranean to help wrest the offensive from Britain.
- 2—France as head of one large Catholic nation, may be hoping to join his efforts with those of Pope Pius XII to facilitate an end to the war.

It was reported here that Franco probably would have an audience with the Pope. A Spanish source said he expected a Spanish-suit to be sent to the Pope.

It was reported here that Franco's chief of state asked for a conference with Franco when he learned that the Spanish chief, at whose capital he once represented France as ambassador, would cross French territory on his Italian trip.

Doubt Peace Overtures

Diplomatic quarters in Bern expressed belief Mussolini was not ready to talk peace with Britain, and that it was more likely Il Duce would exert pressure on Franco for immediate and effective Spanish aid in the Mediterranean campaign.

Mussolini, it was reported, sent Franco a note a few days ago asking the Spanish leader to return and the Fascist armies gave him in winning the Spanish civil war.

While Spanish sources in Vichy said they expected a Spanish-suit to emerge from the meetings, other quarters speculated on the possibility of pressure on Franco to aid the axis with her navy and North African bases.

Germany's Hand Not Shown

Germany's hand was not shown in the conference, although Spanish aid at Vichy reported last night the reich might be represented.

Neither Madrid nor Rome has made official mention of any parleys. Petain left Vichy openly, however, although the purpose of his trip was to confer with the Italian king.

Russian's Death In Washington Continues To Baffle Police

By MERRIMAN SMITH
Washington, Feb. 12.—(UPI)—Police today laid to rest two friends believed to have seen Gen. Walter G. Krivitsky to supply the missing piece in the puzzle created by his disappearance.

They were Wolf Dobert, said to be a former German army officer, and Marguerite his Grecian wife. Krivitsky's former western European head of the Russian secret police, said with them several days at Charlottesville, Va., before his body was found Monday morning in a Washington hotel. Washington police are questioning them today.

Doberts Disagree

But even the Doberts disagreed over how Krivitsky died. Mrs. Dobert was convinced that he did not take his own life; her husband said he was a man who worried a lot about assassination but "probably" killed himself.

Russian's Death In Washington Continues To Baffle Police

A vast accumulation of circumstantial and physical evidence supported the police theory of suicide, but the inquiry was continued at the insistence of Louis Waldman, Krivitsky's attorney, who believed his client either was murdered by the OGPU or "hounded to self-destruction" by the constant fear of death.

Dobert, now a refugee from Germany, and his wife combine their intellectual activities of lecturing and writing with farming on a picturesque "country place" near Charlottesville, Va.

Mrs. Dobert drove Krivitsky from Charlottesville to Washington late Sunday after he had looked for a farm in the neighborhood to which to move his family from New York.

Seemed Nervous

No one is known to have talked to Krivitsky after Mrs. Dobert left.

Republican Orators Are Scheduled For Lincoln Dinners

Washington, Feb. 12.—(AP)—Various opinions on how to aid Britain without going to war will be presented by Republican orators in Lincoln dinners tonight in various states and the District of Columbia.

Wendell L. Wilkie, the party's 1940 presidential nominee, who urged passage of the British aid bill yesterday with modifications, will be the principal speaker at one of the main events at New York before the National Republican club.

Thomas E. Dewey, New York district attorney and one of the contenders for the nomination that went to Wilkie, will make the main address at another important Lincoln day banquet here in Washington. Dewey was critical of the "lend-lease" measure before it was amended by the house, but has not stated his views again.

Republican officials said they expected tonight's speakers to dwell on "moral" rather than the general objective of aiding Britain.

About 100 party stalwarts were expected at the Washington dinner, a \$5-a-plate affair.

Senator Brooks of Illinois and Rep. Martin of Massachusetts, house Republican leader, will speak before Dewey's address.

Senators who will speak in other cities include Taft of Ohio, at Harrisburg, Pa.; Tobey of New Hampshire, at Portland, Me.; Burton of Ohio, at Pontiac, Mich.; New of North Dakota, at East St. Louis, Ill.; and W. C. Clegg, at Somers Point, N. J.

House orators include: Shorten of Illinois, at Flint, Mich.; Drake of Missouri, at Independence, Mo.; Dewey of Illinois, at Portland, Maine, and Halleck of Indiana, at Charleston, W. Va.

Governors participating include: Buehler of South Dakota, at Columbia, S. D.

Churchill Says No One Has Approached Him About Peace

London, Feb. 12.—(AP)—Prime Minister Churchill declared today that no representative of the United States government had ever brought the subject of British peace aims or post-war reconstruction to a question in the house of commons by J. H. Martin, laborer.

Repeating, Churchill said: "There is such common comprehension in the United States of what we are fighting for and what we stand for that I cannot recall any occasion when the question of peace aims or reconstruction has been mentioned by any of the representatives of the American government who have been seen or responded with."

"I certainly can give the house no assurance about statements which may be made about aims outside this country," he added, "inside this country outside the ranks of the government."

"Statements of British policy will be made by ministers on such occasions as are agreeable to the public interest," he added.
